

Nikhila Veeramalla

AI PRODUCT MANAGER — HEALTHCARE

v.nikhila.gv@gmail.com · (313) 213-6057 · linkedin.com/in/nikhila-veeramalla · nikhilav4.github.io

PROFILE

AI product manager in healthcare with four years across healthcare technology, clinical practice and IT operations. Owns clinical software end to end at ToothSure, where **AI-augmented delivery workflows cut project cycle time by 40%** and conserved **25% of early-stage budget**. Trained first as a dentist and formally in health information — HIPAA, EMR/EHR, and the clinical workflow realities that decide whether a healthcare AI product is adopted or abandoned.

CORE SKILLS

AI & AUTOMATION	Agentic AI workflows · Prompt engineering · Multi-step automation · AI-assisted delivery (Claude, ChatGPT) · AI-augmented process design
PRODUCT & DELIVERY	Roadmap · Scope · Requirements gathering · Gap analysis · Process mapping · Business case development · Sprint planning · Deliverables and timelines
HEALTH INFO & COMPLIANCE	EMR/EHR systems · HIPAA compliance · Utilization management · Prior authorization · Clinical documentation · Dentrrix

IMMERSIVE TECH	Meta Quest · VR clinical training · AR/VR/XR product development
STAKEHOLDERS & TOOLS	Executive, business and technical communication · Engineering partnership · SMEs · External vendors · Jira · Asana · Monday.com · Basecamp · Microsoft Office · Google Workspace

EXPERIENCE

AI Product Manager, Healthcare

JUN 2024 — PRESENT

TOOTHSURE

- Built ToothSure's clinical learning platform from concept through active development, owning product strategy, execution and delivery across all workstreams.
- Introduced **AI-augmented delivery workflows** across production and review, reducing project cycle time by **40%** and conserving **25% of early-stage budget**.
- Delivered **80+ digital learning assets** through full production cycles in partnership with internal teams and external vendors.
- Drove cross-functional alignment across founders, business and technical leadership; managed customer expectations and reported outcomes.

Health Information Specialist

JAN 2024 — MAY 2024

G TECHNOLOGIES

- Validated healthcare data and **EMR workflows** using Excel and SQL across concurrent projects; diagnosed discrepancies and partnered with cross-functional teams to resolve data integrity issues.
- Documented **15+ technical workflows** and process improvements supporting audit readiness and compliance reporting.
- Tracked deliverables and communicated status, findings and recommendations to business and technical stakeholders.

IT & Administrative Intern

AUG 2023 — DEC 2023

SHIRAZ LAW FIRM

- Managed client communications and electronic records for **3+ senior partners** in a regulated, deadline-driven environment; prioritised assignments with minimal supervision.
- Coordinated scheduling and meeting logistics; maintained version control across **100+ active case documents**.

Junior Dentist & Operations Coordinator

MAY 2021 — JUN 2022

DR. ARVIND'S DENTAL CLINIC

- Coordinated clinical operations for **20+ daily patients**: scheduling, case management and treatment documentation.
- Managed patient health information and education across **1,000+ patient interactions** while maintaining regulatory compliance.
